Comrs No 898
Dated 14.3.01

One Karuli Bare gowda of Kannegow-dana Koppal in the Mysore Taluk, complained that certain land held by him was measured into the tank bed of Malal-vadi and treated as Kharab. The Dy Comr Mysore stated in his letter dated 8th July 1887, reported that the extent of land claimed by the petr was 2 acres; that from the Pahani accounts of 1868-69 and 1878-79 it would appear that the land was being made use of by the petr solely for grazing grass; that the land claimed undoubtedly formed part of the tank-bed; and that he (Dy Comr) was of opinion that the petr was not entitled to any compensation as he had incurred no expense

expenses whatever of forit.

2. The Survey Supdt was thereupon (in his office No. Rel-222/ dated 29.6.96) requested to give his opinion as to, whether, if a land had been assessed and been in private occupancy, a Survey officer could classify as Kharab and refuse to assess the land, and if the Survey officer possessed such power, whether the holder who would lose his holding was not entitled to any compensation.

3). The Survey Supdt in replied (letter dated 14.7.96) that Section 106 of the Land Rev. code appeared to empower the officers conducting a survey to except from the Survey Settlement any land to which it may not seem expedient that such settlement should be

be applied; that the case under reference seemed one very much in point, and that he was of opinion that the petr was entitled to some compensation, the claim being based upon the enjoyment of the land which was interrupted by the action of the Govt in stopping in the interests of the tank, the cultivation of its bed.

4). The Dy Collr in reply to this office No 1207 dated 25.7.1896 and 9.202 to fix the compensation after six reminders reports (in his letter dated 14.3.01), that it had been reported by the asst Collr in charge of the taluk, that Rs 50/- might be paid to the petr as compensation for one acre and 20 guntas of his lands measured into the tank-bed

-bed ; that the Amildar and the villagers are of the same opinion and that sanction might be given to the same as the petitioner had consented to receive the said sum as compensation

Sir,

I have the honor to acknowledge the receipt of your docket No 502 dated 17th May 1887, calling for further report on the Complaint of Boray Gowda of Kamegowdana Koppal in the Mysore Taluk, and in reply beg to submit the following report on the points noted in your letter:-

1 The exact extent of land as claimed by Petitioner is 2 acres.

2. From the Pahani accounts of 1868-69 and 1878-79 it would appear that the land was being made use of by the petitioner solely for growing grass

3 In the Pahani account and Khate of 1878-79 2 Kolagas of land with assessment of 14 annas are said to have been registered in Petitioner's name since it has been included

in the tank bed, it is difficult to find out what the actual extent of it was.

4 The boundaries of the tank seem to have been limited during the survey after ascertaining from the ryots the exact water-spread. Consequently it cannot be said that the bed has been encroached upon by the adjacent land holders. A statement shewing the names of occupants of surrounding numbers is given in the margin.

Survey number	Name of occupant
141	Basva bin Linga
144.	Naggowda bin Bodanage-Gowda.
142.	Sidda bin Muri Basva
146.	Ranga bin Dolgi Naga

5. The land claimed by the petitioner undoubtedly formed part of the tank bed and he having incurred no expense whatever for it, I do not consider that he is entitled to any compensation.
